AMAXX

A large crowd of people is gathered at a night event, likely a concert or festival. The stage is illuminated with warm orange lights, and a large screen displays the word "AMAXXY". The crowd is dense, with many people holding up their phones to capture photos or videos. The atmosphere is festive, with confetti or streamers falling from the ceiling. The text at the bottom of the image reads: 

**INTERNATIONAL OPEN FORMAT DJ AND PRODUCER  
RAISED IN BELGIUM AND BASED AT THE FRENCH RIVIERA**

A photograph of a nightclub or festival scene. A large, dense crowd of people is visible in the foreground and middle ground. Two bright blue laser beams cut through the air, originating from the crowd and pointing towards the background. In the background, there is a stage area with warm orange and yellow lighting. A DJ booth is visible on the stage, and a large screen displays a colorful, abstract graphic with a heart shape. The overall atmosphere is energetic and festive.

**What started as a bedroom DJ at the age of 12 turned into an impressive journey with gigs in Paris, Cannes, Monaco, Saint-Tropez, Rome and Brussels. From playing events like Cannes Film Festival, fashion shows, luxury weddings, corporate events for multinationals to open airs, festivals and clubs.**

# ABOUT ME

The key to his steadily growing success is his ability to read the crowd and adapt the music style. AMAXXY has a totally open format approach to mixing dance, rnb, hip-hop, funk, disco and reggaeton together with his knowledge of club music. Beside all-round DJing, Maxim is passionate about house music and its evolution. His motto? Play all music, for all people, all over the world.

Thanks to his experience in DJing for different nationalities and all types of events, he reaches a large crowd. Through the use of vinyl and creating a musical legacy by mixing distinctive tracks, Maxim distinguishes himself from the pack.

AMAXXY's never-ending passion started at the age of 10 in the music academy where he studied piano. He discovered different music genres and his interest in DJing was born. When he had finally made enough money to buy his first DJ setup, it all started.

Hailing from Belgium, Maxim began DJing with vinyl, forever digging in the crates at local stores. After spending hundreds of hours practicing his craft, he released his first mixtapes. Very soon, AMAXXY's audience was growing and he had the opportunity to play his first sets for Belgian clubs/events and radio shows. All his DJ fees went to vinyl, promotion and material.

After he studied economics and mathematics in Belgium, he was determined to follow his deep-rooted passion for music. Maxim went to Cannes for a year and graduated at a DJ/producer course in DJ Network. In addition he studied event and music management.
